Now, he was taking light meter readings around her face, then lowering the meter to check the reading around her bosom. As he did so, he caught a glimpse down her cleavage, admiring the fullness and plump smoothness of her tits. His cock was really jumping now, especially in the ultra-light confines of the stylish pants he wore. He

lowered the meter further, telling her to part her legs a bit, then—as her dress hitched up and he caught a glimpse of her pussy—he registered the light level between her thighs.

The girl giggled, noticing the bulge in his brownish tights. "Is it necessary to check me down there?" she asked nervously.

"It's not a bad idea," the
